No problem. Good luck.

Ok, I'll go with this. I'm going to mark the maps "Draft - not ready for public use" I like the folks in this group - they'll keep them close to the vest. Also, I'll promise the finals when/if we get there.

This is exactly what I was looking for. Thank you so much!

Jeannine

I'm pretty sure the reference #7 refers to the page 8 references, which indicates that the page 10 info. is taken from the US Census Bureau. Feel free to use the maps for the briefing discussion, but again, obviously, they are not yet vetted for public distribution....

Of course, now I have questions. The table on page 10 cites a reference #7 at the end of the title. But I don't see the corresponding reference. Do you know what it is? Or maybe Skeo?

Also, this meeting tomorrow is internal CDPHE only. Could I use the maps to provide background on HMWMD involvement in the area? I understand if you are hesitant about this, but they really are quite good. (cudos to Skeo!)

Oh yeah, it's being briefed all the way up to HQ...

Here's the draft CIP with that info (obviously, please do not share):

Ok, thanks for the update. So EPA hasn't made a final decision yet? Did upper management get involved?

Here's what I'm after for now. I am looking for current demographics and community information - the kind we usually put in CIPs. Is there a draft I could just use for this purpose? We've got a meeting tomorrow morning kicking off a workgroup charged with examining and hopefully developing more meaningful interactions and relationships between CDPHE and this community.

Anything you can provide is appreciated. Thank you in advance.

Hi Jennifer,

Any word on the CIP update? I haven't heard anything about this since last fall.

Thanks,

Jeannine
